

Proposition 65 Compliance Statement

Naprotek, Inc.

90 Rose Orchard Way, San Jose, CA 95134

2085 Zanker Road, San Jose, CA 95131

Valued Customer,

Naprotek, Inc. is committed to compliance with California Proposition 65, officially known as the Safe Drinking Water and Toxic Enforcement Act of 1986. This regulation requires businesses to provide warnings about significant exposures to chemicals that the State of California has identified as potentially causing cancer, birth defects, or other reproductive harm.

After thorough review, Naprotek has assessed its products and manufacturing processes to ensure compliance with Proposition 65 requirements. While we strive to minimize exposure risks, certain materials used in our operations may contain substances listed under Proposition 65. In accordance with California law, Naprotek provides appropriate warnings where necessary to ensure transparency and regulatory adherence.

We continuously monitor updates to the Office of Environmental Health Hazard Assessment (OEHHA) Proposition 65 list and adjust our compliance measures accordingly. If you require further details regarding specific products or materials, please contact our compliance team.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rebecca Crump', is written over a faint, light blue circular background.

Rebecca Crump

Director of Quality Assurance and Compliance
